Remote

#### *Software Developer*

- Utilized SCRUM and KANBAN methodologies and Git workflow to complete projects to client specifications
- Successfully completed all sprint weeks with a passing grade
- *Skills:* HTML5, CSS3, LESS, Bootstrap, Javascript, React, Redux, MongoDB, SQL, Django, Express, Python, C

9/2018-present

#### *Project Manager for Lambda Next*

- Proofread and edit resumes and portfolios for Lambda graduates
- Offer encouragement and “what-should-I-do-next?” guidance.
- Lead standup meetings twice a day and report findings to section lead and career coaches.

2001-present

Self-employed

Various Locations

#### *Flute Instructor*

- Gave critical ear to student performances and provided constructive criticism, encouragement and praise when it was warranted
- Planned lessons and objectives appropriate for student’s level and assigned music that would fulfill those objectives, reminiscent of AGILE method
- Communicated with parents and other teachers to organize studio recitals as well as other administrative responsibilities.

2007-2013

Kansas Public Radio

Lawrence, KS

#### *Development Intern (2012-2013)*

- Proofread, edited and wrote solicitation and acknowledgment letters, website information and various other documents
- Compiled and edited sound files for KPR’s 60th Anniversary classical music countdown campaign. In addition, researched, compiled, and edited unique

- facts about each of the entrants in the campaign
- Recorded minutes for KPR's Advisory Board Meeting
- Kept track of pledges and money raised during the fund drive and helped on-air hosts and guests to create hourly goals to stay on track to meet the overall goal.
- Called and emailed businesses to solicit donations for the station

#### *Program Assistant (2007-2013)*

- Local host of NPR's Weekend Edition Sunday (2007-2013)
- Prepared newscasts for broadcast
- Utilized a web-based content management system to prepare and to edit regional news headlines and classical music playlists
- Back-up classical music host or for other shifts as needed
- Prepared, programmed and hosted classical music shows four evenings a week (2008-2011)
- Assisted in entering new files and maintaining music library database of about 10,000 classical music CDs using Music Librarian – a content management system (2008-2011)
